

BRAIN BURNER FOR LESSON 20

1. List several nations mentioned in the Old Testament.
Are they in existence in the world today?
Do you know any promises of blessings or judgment pronounced upon these nations?

2. Sometimes, a person, an event, or an activity has a greater significance than itself alone. We call those things pictures, shadows, or types.
An example would be the sacrificial system given by God to the Levites on behalf of Israel. This was a picture or a shadow of Christ's work on the cross.
Can you think of any other examples of shadows or types in the Old Testament?
How would you consider Israel's deliverance from Egypt, the crossing of the Red Sea, and the crossing of the Jordan into the promised Land?

3. Where was the nation of Babylon located? What nations are there today?
Where was the nation of Persia located? What nations are there today?
What was Alexander's accomplishment known as "conquering the world"?
