

## BRAIN BURNER FOR LESSON 37

1. In Genesis 43:14, Jacob refers to God as “God Almighty.” We have looked at a few names for God in Genesis so far. Below are several names of God in transliterated Hebrew along with verses where that name is referenced in Genesis. Find the English translation of each, and give a brief explanation of the use of that name in the context of Genesis where it is found.

a) Elohim – 188 times in Genesis, 59 times in Genesis 1-3
