	Lesson 17
1.	Exodus 23:20-23. Who might be the angel whom God is going to send? What are some supports for each possibility?
2.	How could the promises to Israel in Exodus 23:20-33 be used as an application for the church today? What major event will take place in the nation of Israel just before the promises of Exodus 23:20-23 begin to takeplace? God promisedthat after this major event, He would conduct an activity for the Israelites as stated in
	Exodus 23:20-33 He expected the Israelites to conduct the same activity? What was that activity? Look at the Hymns "Guide Me Oh Thou Great Jehovah," "He Leadeth Me," "Near the Cross," and "Thine is the Glory." An event for the Christian is analagous with the Israelites crossing of the Jordan River in these hymns. What is that event?
	How does the analogy of the crossing of the Jordan River in the hymns concur with the application of the promises in Exodus 23:20-33 for the church today?
	Why then do the hymn writers use the crossing of the Jordan River as an analogy the way they do?
