	Brain Burner for Lesson 74 Leviticus Lesson 5
1.	Read Hebrews 9. Read Hebrews 10:1-18. Read Romans 8:1-4. Read 2 Corinthians 3:1-11. Why was there a first covenant, a system that cannot make the worshiper perfect, copies of the things in the heavens, shadows of good things to come, a reminder of sins year by year, a system that was impossible to take away sins, a system that was weak in the flesh, a ministry of death, a ministry of condemnation, that which has no glory in comparison? Why such a covenant to a particular race, a particular family, a particular nation? Why was there a second covenant? Why is the second covenant given to the same group of people but also includes the whole world? Why was the first covenant considered a constitution that was the legal document that established Israel as a nation and the second covenant a promise of redemption to the whole world? Why such different ways and means by the Lord? Why so many years between Abraham and the first covenant? Are there any other such questions?
