Resurrection Sunday – 1st Corinthians 15 Overview

April 5th, 2026

On this Resurrection Sunday, we will consider God's plan of restoration of mankind from the fall into sin leading to our being under a curse and recognize the central importance resurrection is to His plan of restoration. A necessity to God's restoration is our resurrection. Paul brings great clarity to our understanding of all aspects of the resurrection not only of Christ as the first fruits, but to us who are in Christ. Its central importance is that death is defeated by the resurrection of Christ and will be defeated in each person who belongs to Him. Knowing God's plan of restoration helps us to continue in a faithful walk until the day of our glorification.
