

# God's Perfectly Designed Woman!

*Mother's Day – May 10<sup>th</sup>, 2026*

Grace Bible Chapel

Selected Texts

Is there a unique, purposeful design of God for women? Is that position being misunderstood or pressured away from the original determined will of God? Mother's Day is a good time to be reminded of some of the God-given unique abilities given to women, and how these abilities enhance mankind's understanding of the Person of God and are used in His plan to complete mankind made in His image. This morning, we will go back to the original design of God and reflect on special references to women in Scripture that set them apart in a unique position to honor God by showing His wisdom; and exercising womanhood as He intended.
