

The Rare God-honoring Mom!

Mother's Day – May 12th, 2024

Grace Bible Chapel

Proverbs 31:10-31

Our society is in deep trouble because it has embraced evil at every level. Much of this evil is so extreme and has so saturated our environment it is near impossible to escape it, but we must! One place we can still maintain valuable purity is in our homes. Our homes can be an incubator of light, truth, and Christ likeness. At the essential center of the home is the wife and mom. Like all of the institutions that God formed to protect us from the effects of our fallen world, the home is our central place of refuge where we should seek the Lord's will and work to be a blessing despite our vile surroundings. The home is being attacked every minute, but we have God's Word. How can mom be used of God to combat the wiles of the Devil? Proverbs 31 gives us God's blueprint for the wife and mom. A study of this rare God-honoring woman is refreshing. On this Mother's Day, we will seek to glean understanding to build us up in the faith and help us in our walk before God.
