

God's Plan for the Ages – Part 2

Study Outline – Grace Bible Chapel
Olivet Discourse Study – Matt. 23:37-24:3
July 28th, 2024

Context: We continue in introducing what is called the Olivet Discourse where our Lord Jesus is answering two questions, the second question having two parts. These questions have to do with future events and for us the event of the coming of Christ to the earth to establish His kingdom. Christ is coming to rule on the earth restoring that which was destroyed in the garden sin of Adam and Eve. His answers to these questions correctly understood in their context give us insight into not only what will take place when He comes, but also brings to light the nearness of His coming as the world around us shapes into what Christ describes prior to His coming. We are taking the time to overview God's revealed plan for the ages so that we can understand these promises in their proper context.
