

# God's Last Word – Our Glorious Savior!

Christmas Special – Grace Bible Chapel

Selected Scripture

December 22<sup>nd</sup>, 2024

**Context:** The Christmas story has been so polluted and abused over the years, and yet Christ's name is extended to the world like no other. This Christmas, we go back to the basics of what, who, and why of Christ's story with the intent to grasp again the infinite value of what God did in sending His Son to rescue sinners. The true story of the promised Savior coming to earth in the incarnation and sacrificing Himself out of love should never be treated casually. It is the story of stories. It is beautiful and never dull to those who love Christ. My task is to bring before us the glories of Christ our Savior that we might worship Him in truth and thankfulness on this pre-Christmas weekend. While doing this, we also see the hand of God in a peculiar manner through all the incredible hubbub of Christmas as our Lord's birth is spoken of to a lost world. The Lord works in mysterious ways, and it is He that has the last word. We are to repent and turn by faith to Christ.

Introduction:
